**INFORMATION DISCLOSURE
STATEMENT UNDER 37 C.F.R. § 1.97**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Pursuant to 37 C.F.R. § 1.97 and § 1.98, applicants submit for consideration in the above-identified application the preliminary amendments listed on the attached Form PTO-1449. Copies of the preliminary amendments are also submitted herewith. The attached preliminary amendments pertain to several related published applications that were submitted for consideration in the Information Disclosure Statement ("IDS") dated September 12, 2003. These preliminary amendments are submitted herewith because after submitting the IDS dated September 12, 2003, Applicants noted that the published applications did not reflect the

particular claim sets and summaries of these applications. Specifically, these related applications are continuations of prior applications. Applicants filed these continuations by filing the parent applications specification along with preliminary amendments that canceled the parent applications' claim sets, added new claims, and replaced several sections (e.g., summary, title, etc.) of the parent applications' specifications. However, when the Office published these applications, the Office did not replace the claims and relevant sections of the parent applications, and simply published the parent applications' specification.

Accordingly, in this IDS, Applicants are submitting the preliminary amendments of several incorrectly published applications that were submitted with the IDS dated September 12, 2003. On each submitted preliminary amendment, Applicants have written the serial number of the application, in order to identify the published application related to the preliminary amendment.

The PTO-1449 form also includes one other related application to the present application. The Examiner is requested to make all the documents referenced in the 1449 form of record. Applicants would appreciate the Examiner initialing and returning the PTO-1449 form, indicating that the information has been considered and made of record herein.

This Information Disclosure Statement is submitted: After receipt of a first Office Action on the merits but before a final Office Action or Notice of Allowance. This Information Disclosure Statement under 37 C.F.R. § 1.97 is not to be construed as a representation that: (i) a complete search has been made; (ii) additional information material to the examination of this application does not exist; (iii) the information, protocols, results and the like reported by third parties are accurate or enabling; or (iv) the above information constitutes prior art to the subject invention.

The requisite fee for this IDS is enclosed. In the unlikely event that the transmittal letter is separated from this document and/or the Patent Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Assistant Commissioner to charge the cost of such petitions and/or other fees

due in connection with the filing of this document to **Deposit Account No. 50-1128** referencing **SPLX.P0025**. However, the Assistant Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.

Dated: September 29, 2003

Respectfully submitted,

By: _____
